

# VOCABULARY EXERCISE

Match the word with the meaning.

**CRACK**

**MARIJUANA**

-----  
This refers to the dried leaves, flowers, stems and seeds from the Cannabis sativa or Cannabis indica plant. The plant contains the mind-altering chemical THC and other similar compounds.

-----  
Cocaine hydrochloride (powder) is mixed with different ingredients, mainly baking soda, to make a purified and potent form of the drug that is smoked rather than snorted. It is considered highly and rapidly addictive.
